

September 13, 2017

Dear Selectmen,

The enclosed petition and plan is being presented by the NSTAR GAS COMPANY d/b/a as EVERSOURCE ENERGY for the purpose of obtaining a Grant of Location to install gas main on Bradford Road, Irving Road, Liberty Street, Richard Road, Russell Circle.

This work will provide new gas main into this area where this will provide an alternative heating source for the residents of Natick in this neighborhood. This project will also reinforce our gas system in order to further expand our infrastructure and assist the Town in providing gas service to feed the pump station on Bradford Rd.

**NSTAR GAS COMPANY d/b/a as EVERSOURCE ENERGY**
