Martha,
Please provide some comparable information on parking fees in surrounding towns so that we have some context for your recommendation not to increase parking permit fees in Natick. Where the fees have not been changes for over a decade, I would like to understand how our fees compare to our neighbors of Wellesley and Framingham.
Thank you,
Amy

I emailed the administrators in Wellesley and Framingham yesterday afternoon explaining our parking program for downtown employees and asking if they have similar. Haven't heard from Wellesley as of yet, but Bob Halpin replied as follows:

We do not. We have a very congested parking lot behind Memorial Building. Because we have a underutilized municipal garage a short distance away and I have actually thought from time to time of offering a modest financial incentive to employees to voluntarily use the garage and 'endure' the walk.
