Donna,

We would recommend approval with the understanding that:

1. The dumpster only stays there as long as it is needed. We don't want this to linger on to long.
2. The petitioner coordinates with the other tenants in the building as the dumpster will be occupying a "Delivery Area" which may have an affect on these businesses.
3. That the Natick Fire Department be consulted with on this request.

Respectfully,

Lt. Brian G. Lauzon

Lt. Lauzon,

Do you have a recommendation or approval of this?

Thank you.

Good morning Donna/Brian,

Donna- how many days after the meeting, would I have a answer if it was approved? Thank you

Brian - I believe the best place for the dumpster will be behind the build at Adams St, right behind the back door of our location. As far as I can see there is not parking spots behind the build being a great place to leave the dumpster, it will not block the street and any entrance. Please let me know what else should I provide. Thank you

Best,
-Gus

I will need to know the dimensions of the dumpster and exactly where it would be located. We need to make sure that access is maintained for vehicles along the street especially emergency vehicles.

Hi Gus,

The Board of Selectmen would need to grant you approval to occupy a public way. The earliest that they could do this is at the meeting on February 12th. I have included Lt. Lauzon on this email. Lt. Lauzon, do you support this request?

Thank you.

Donna

Hello Donna,

I hope all is well with you. We spoke last week in person, we are beginning a project in downtown Natick at [26 Main St, Natick MA 01760](#). We are hoping to have a dumpster for probably 3-4 weeks over there in the next week, we know the main st is very busy and probably the best way will be in the back alley at Adams St. We know the dumpster company has to have a kind of permit with the city but How can we get a permit for putting a dumpster at 26 Main St? Thank you for your time

Best,
-Gus
