Hello,

I recently saw in the news the tragic story of coyotes attacking 2 dogs near Hunnewell Forest (Terrace Rd). I was wondering in light of this news, would it be possible to open this land to hunting? Even if restricted to small game/coyotes only? What steps would be needed to propose this land be opened to hunting? Also what steps are being taken to address this coyote problem?

Thank you

Mr. Norton, thank you for writing in. The Town is currently reviewing its options but no determination has yet been made. I will keep you informed of any developments.
