Donna,

After meeting on-site last evening with the BOS, I am recommending that the petitioners request to alter their licensed premise be approved and I offer the following recommendations for the board to consider as requirements pursuant to any permit approval:

1. New plans, describing the area in detail, including dimensions, seating capacity, (also posted at the single point of access at each location), and maximum occupancy (again, posted at the single point of access at each location) of the two locations presented last night (5/17/2018) be made part of the new application submittal;
2. Each patio/outdoor area permitted under this request shall be properly enclosed by a fence or other means approved by the Board so as to control and manage access.
3. That the petitioners agree to commit to providing management level personnel, dedicated to the approved areas, and that these persons be alcohol beverage server trained in accordance with other Town of Natick policies relative to alcoholic beverage service.
4. That each patio/outdoor area where alcohol is served be constructed with tables and chairs for patrons and that food be offered from a contiguous area and be available for patron consumption.

Respectfully submitted,

Lt. Brian G. Lauzon

Hi Brian,

Attached is the application for Lookout Farm.

Thank you.
