Hi good morning Patricia,

We are looking to have a gathering of about 75 people in our neighborhood on June 23rd with a rain date of June 24th. We would want to have the gathering on prospect street and parts of Home ave. We would have some kid's games and toys i.e corn hole, hula hoops, possibly a bouncy house and water balloons and things like this with music provided by one of the neighbors who dj's on the side.

We would alert all neighbors and invite all neighbors from the neighborhood for the event if granted the permit for either of those dates from 1-4.

We would like to have prospect street blocked off and parts of home ave. but are flexible on the areas that need to be blocked off in case neighbors have concerns.

The event would have food and drink that we would get catered from local venue which would come and set up and then leave. We would be responsible for clean up.

Let me know if this is sufficient in terms of information.

Thanks,

Angus Morrison 7 Wellesley ave.

Mr. Morrison, I will put your request on the Selectmen's June 11th agenda and you will hear back from me shortly after that. Your block part will have to be approved by the Police Department prior to going on the Selectmen's agenda, but if there are further questions, I will let you know.

Can we limit it to the section of Prospect street between Wellesley Ave and Home Ave? We would then need to ensure we have a buy-in from those residents in that affected area.

Mr. Morrison, the Police Department has asked if the section of Prospect Street to be blocked off can be limited to the area between Wellesley Ave and Home Ave? Also, is there a plan to notify the residents in the affected area?

All residents would get an email from our neighborhood association email and get a flyer in their mailbox with relevant information.

Well not ideal to have parts of Prospect not available we could do a portion of prospect so that people could use home ave. to get out and or Wellesley Ave.

So I guess we could use the section of Prospect Street where home Ave comes down going towards the woods / cut through towards Natick Village would that be sufficient?

We would be fine with either closing Prospect Street at Home Avenue and again at Wellesley Ave, as residents of Home, Wellesley, and the short end of Prospect would have access to their homes and traffic circulation would be maintained, or close the short end of Prospect at Home Avenue. That would be the easiest and least intrusive but it really depends on who is attending the event and who isn't.

Brian,

I think the later space ----- short end of prospect would give us plenty of room to have a nice event.

Do I have to do more at this point or just wait for the selectman's meeting?

Hi Patricia,

Just to follow up on my conversation with Brian, we would only be looking to cordon off from where home and prospect meet going towards Natick village cut through space. Hope that is clear. He said to be specific when asking for what we want in the permit.

I will let you know if Lt. Lauzon has other questions. If not, we will get a recommendation from him and I will include your request on an upcoming agenda, likely June 11th. You would not need to attend the meeting. And you will receive an email after the Selectmen's meeting letting you know whether or not your request has been approved.
