

TOWN OF NATICK MASSACHUSETTS

JEREMY T. MARSETTE, P.E.
DIRECTOR

WILLIAM E. MCDOWELL, P.E.
TOWN ENGINEER

MEMORANDUM

To: Board of Selectmen
From: Bill McDowell, Town Engineer
Re: 4 Temple Street Grant of Easement
Date: July 10, 2018

The proponent is requesting that the Board of Selectmen endorse the easement plan granting the proponent the right to access and repair or maintain a low pressure sewer connection for 4 Temple Street.

The Engineering Division reviewed the plan prior to the 2018 Annual Town Meeting. This plan to be endorsed is the original mylar version of the reviewed and approved easement plan for recording purposes. The Division notes that this is the same plan containing the same information. The Conservation Commission has also reviewed and recommended grant of easement as part of the review process. The Board of Selectmen may elect to endorse the plan, granting the easement to the property owner.
