Dear Mr. Almeida:

Please be advised that at their meeting of March 19, 2018, the Board of Selectmen approved your request to occupy the public way on Adams Street by placing a dumpster behind the back door of your location at 26 Main Street. This approval is conditioned upon the following:

1. Submission of a certificate of liability insurance naming the Town of Natick as an additional insured.
2. Submission of a signed and notarized indemnification agreement (attached).
3. Coordination with the other tenants of the building since the dumpster will be occupying a "Delivery Area," which may affect those businesses.
4. The dumpster is not to impede access for emergency vehicles (which are much wider than the average car) through the street.
5. The dumpster should not cover any Fire Department hose connection or access to any shut-offs (gas, electric, etc.)
6. The dumpster is to remain closed when possible.
7. If work is done on the upper floors requiring a chute, the chute is to be pushed aside at the end of each work day to avoid a creating a chimney from the dumpster to the building should a fire occur.

The Board has approved the placement of the dumpster starting on April 2, 2018 until April 27, 2018, but the dumpster should be removed as soon as it is no longer needed. If you require the dumpster for a longer period of time, you will need to make an additional request of the Board of Selectmen.

Sincerely,

Trish O'Neil
Executive Assistant
