

January 3, 2019

Dear Natick Selectmen,

I am submitting this letter of interest and application in regards to the Natick vacancy(s) on the Keefe Regional Technical School Committee. I feel that I am able to make a positive impact for our community as well as for all students/families and staff within the Keefe community.

I have been a Natick resident for nearly 20 years, and am a strong advocate of vocational education in general. As an alumni myself and parent of two recent Keefe grads with a third child who graduated from another technical high school, I believe I have strong life experience and well-rounded first-hand knowledge of the benefits of vocational education and therefore would be uniquely qualified to represent our town in this role.

As a parent at Keefe, I have provided input and suggestions that the school management team has implemented that benefited all students and families. I have already expressed an interest in continuing in a role that would provide ongoing support to the school, its students, families and staff. I currently serve as an Advisory Board Member to the Health Careers Technical Education (CTE) program at Keefe Tech and feel I have a lot more to contribute.

As you can see from my attached resume, I am committed to education, public service and fiscal responsibility. As a Public Health Nurse for another local community for the past 10 years, where my role also includes being the School Nurse Leader managing five full time school nurses and a pool of eight substitute nurses along with the lean operating budget for that staff, I have been afforded the opportunity to work with school staff and families to foster education through health, safety and wellness.

In summary, my education and experience along with my public sector communication, collaboration and decision making skills will bring a fresh perspective to the Keefe Regional Technical School Committee role. I also firmly believe that my participation can make the difference in students choosing to continue with further education or become employed with their CTE skills. I hope you agree and will support my application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ruth Mori', with a stylized flourish at the end.

Ruth Mori, MSN, RN
