Donna,

Please use this language as I forgot to add something:

Donna,

As was the case last year we would recommend approval of this one day beer and wine license and would request one police detail be required during hours of alcohol service. Additionally, if the vendor could be provided a copy of the Town's policy on alcohol beverage service in advance and submit to me the servers training certificates prior to the event it would be appreciated. Lastly, I would recommend that food be required to be offered, in addition to the alcoholic beverages, particularly due to the length of service hours requested.

Respectfully,

Lt. Brian G. Lauzon

Hi Brian,

Please see the attached from NCA.

Thank you.
