To All:

The Town and Eversource met on-site today to speak about the proposed pole location on Sunshine Street.

The proposed pole location was not within the right of way which is only 20' in width. The Town does not have the authority to consider or grant the location as proposed.

I recommended to Philip that the requested BOS meeting for Monday 3/18 be postponed until the location could be clarified. As proposed, the pole location was on private property.

Christine, unless you have other matters before the board, I don't believe there is any reason for you to appear. If the Selectmen maintain this item on the agenda I can explain why the request has been withdrawn.

Trish, I don't know whether you remove this from the agenda or let it remain. The proposed location is not on Town property.

If anyone has any questions, please give me a call at 774-270-5872
