Re: Eversource Electric – Grant of Location Garfield Street

Honorable Members of the Board:

Eversource has requested a Grant of Location to relocate one (1) existing pole (212/2) on Garfield Street. This pole is approximately 193' west of Morse Street. This work is necessary for the purpose of providing clearance/access to driveway and garage at 3 Garfield Street and has been requested by the builder.

As stated in Article 78 in the Natick Town Bylaws, no utility shall be permitted to install, construct, upgrade or replace any poles and overhead wires and associated overhead structures upon, along or across any public way or ways located within Natick unless the Board of Selectmen grants special permission.

If the request is granted by the Board of Selectmen, the Engineering Division has reviewed the proposed location and does not have any objection to the Grant of Location as requested if done in accordance with the plans dated November 14, 2018 and revised March 5, 2019 accompanying the petition.

Sincerely,

William E. McDowell, P.E.
Town Engineer
