SUBJECT: CONTRACT AWARD – SECOND REBID
Replacement/Installation of Parking Meters at Various Locations
in the Town of Natick

On May 23, 2019, sealed bids were received in response to the Town of Natick's Invitation for Bids for replacement/installation of parking meters at various locations in the Town of Natick. Sealed bids were received from one (1) bidder. (See attached.) NOTE THAT THIS WAS A SECOND REBID, AS THE TOWN RECEIVED NO BIDS IN THE INITIAL ROUND OF PROCUREMENT; ALL BIDS IN THE SECOND ROUND EXCEEDED THE TOWN'S APPROPRIATION. WE LESSEMED THE NUMBER OF POLES, AND INCLUDED TWO (2) ADD ALTERNATES TO ENSURE THAT THE WORK WOULD BE WITHIN AVAILABLE FUNDING.

The lowest bid was received from John Paquette IV dba Paqcon, 351 Old Plymouth Road, Sagamore Beach, MA 02562. It submitted the following prices:

\$68,100 for the main project work (replacement of 70 parking meter poles; there is insufficient funding to consider either add alternate).

After reviewing references and background, it has been determined that John Paquette IV dba Paqcon is a responsible and eligible bidder. We recommend that the Natick Board of Selectmen award the contract to John Paquette IV dba Paqcon for the price submitted in its bid.

Please advise if you have any questions or require additional information.

Section 3. Background & Specifications

A. Description of Work

The main base work to be performed under any Contract with the Town ("the Work") shall consist of all labor and materials for replacement and installation of approximately seventy (70) ADA compliant parking meter poles at various locations in the Town of Natick. As a first add/alternate, each bidder shall submit a price to provide services to replace an additional thirty (30) ADA compliant parking meter poles in Natick. As a second add/alternate, each bidder shall submit a price to provide services to replace yet an additional thirty (30) more ADA compliant parking meter poles in Natick.

The Successful Bidder, in any contract awarded by the Town pursuant to this IFB, shall be responsible working with the Natick Police Department to coordinate the removal and installation of parking meter poles. As such, the Natick Police Department shall remove each existing meter head prior to the Successful Bidder's removal of each pole. The Natick Police Department expects to work just ahead of the Successful Bidder to remove the meter heads. The Successful Bidder shall be responsible for removing each existing parking meter pole, which is described as follows: two (2) inch galvanized steel. The Successful Bidder shall remove each existing old pole and dispose of the same, and shall set each new pole, as described below, which shall be furnished by the Town. The Natick Police Department shall then reattach each parking meter head to each new pole. Meter heads shall be reinstalled by the Natick Police Department as the work progresses, so that each meter may not be out of service for an extended period.

Each pole is presently set at various depths in pavers and/or in concrete and is surrounded, in most cases, by an existing sidewalk.

The Successful Bidder shall take due care to avoid damaging any concrete/paver sidewalk surrounding each parking meter pole. Ultimately, the Successful Bidder shall be responsible, however, for repairing any damage to the sidewalk.

The Successful Bidder shall collect all poles removed and shall dispose of them in accordance with all applicable federal, state, and local laws, rules, and regulations. The Town has determined that the scrap is commingled with concrete, and that there will be no salvage value to the poles for which disposal is sought.

The Successful Bidder shall be responsible for setting each new pole, on an even basis, with each pole to be removed, in accordance with all federal, state, and local laws, rules, and regulations, and in accordance with best commercial practices. It shall set each new two (2) inch galvanized pole, which is already in possession of the Town of Natick. The Successful Bidder shall install each new two (2) inch galvanized ADA compliant pole (already in the Town's possession). NOTE THAT THE SUCCESSFUL BIDDER IS NOT FURNISHING POLE MATERIAL IN THIS BID.

Each pole shall be set in weather-resistant/crack-resistant concrete, which shall be furnished by the Successful Bidder. Each pole shall be set a minimum of two (2) feet below grade. Each pole shall be set in a straight line, perpendicular to the ground.

All work to be performed by the Successful Bidder under any Contract with the Town shall be at prevailing wage rates.

The Successful Bidder shall use caution during construction operations. The buildings are operational and contain personnel, furniture, fixtures and equipment. Mechanical equipment such as lighting, electrical conduits, junction boxes, power lines, etc. may exist in the vicinity of the work. The Successful Bidder shall take all necessary precautions so as not to cause any damages. Any damages that interrupt service and/or require repairs to the building, furniture, fixtures or equipment shall be the responsibility of the Successful Bidder at no additional cost to the Owner and shall be repaired immediately.

The Successful Bidder shall use extreme caution during the entire construction period.

The existing condition information has been compiled from a variety of sources. The existing conditions are provided for general information only. Actual conditions may vary. Successful Bidder is required to verify existing conditions, and dimensions prior to submitting its bid. No additional compensation or time extension will be made for dimensional errors or discoverable inaccuracies related to existing conditions in the contract documents.

Description of Work: Replacement and Installation of 130 Parking Meters at Various Locations in Natick
Job Location: Various Locations in Natick, Massachusetts

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule from the Department of Labor Standards ("DLS") if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F "rental of equipment" contracts.
- Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
- Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and
