Re: Eversource Electric – Grant of Location Glenwood Road

Mister Chairman & Members of the Board:

Eversource has requested a Grant of Location to relocate one (1) pole (73/9) on Glenwood Road. The existing pole is located at the intersection of Glenwood Road and Fair's Lane. The pole is proposed to be moved approximately 42 feet southerly, along the Glenwood Road right of way, away from the intersection. This work is necessary accommodate the development of the Fair's Lane subdivision and to redirect the primary power feed underground as is required.

As stated in Article 78 in the Natick Town Bylaws, no utility shall be permitted to install, construct, upgrade or replace any poles, overhead wires or associated overhead structures upon, along or across any public way or ways located within Natick unless the Board of Selectmen grants special permission. Glenwood Road is a Town accepted way.

The Engineering Division has reviewed the request and inspected the location for the proposed pole. The Division does not object to the proposed location of the pole if placed in accordance with the plans dated July 29, 2019 accompanying the petition.

Sincerely,

William E. McDowell, P.E.
Town Engineer
