Hi,

I am writing to let you know that I will be resigning from my position as TAC member, effective immediately. The decision is due to schedule conflict and other priorities that came up in the recent weeks.

It was a good 12 months serving in the Transportation Advisory Committee. I appreciate the opportunity provided by the town & its employees, and the support I got from other TAC members. I wish everyone on the committee the best!

PS:I would appreciate if you can acknowledge the receipt of this email.

Regards,

Bala
