I Willam Kourtis 508-380-9100 libirealty@msn.com account number 1011210 am requesting for a water and sewer abatement for 25 West Central street. I received a \$15018.73 bill and had DPW come in thru units to observe a broken flap top floor bathroom. This bathroom is 1 of 2 in that unit on upper floor which wasn't being used. As a landlord I would bi-weekly always go into the units to look for any issues. Due to the Covit-19 and I being at high risk without a spleen I didn't enter property. The toilet float was replaced immediately. Thank you
