Joan, can you upload this (email & attachment) to Novus for Wednesday's meeting?

Thanks,

Jonathan

Hi Jon,

Attached is a proposal for the Select Board to consider to create a Town Government Study Committee from Frank Foss and I. It is the culmination of discussions during the last couple years having recognized the challenges of town government in the 21st century. The interest in examining the structure of Natick's town government is coming from not only those of us that hold elected and appointed positions, it is coming from citizens who more recently have become involved with the government and how it functions.

The proposal recognizes that October and November are busy months. Consequently, if adopted the study committee would likely begin its work in early December.

Sue
