**TO:** Natick Select Board  
Robert Rooney, Interim Town Administrator  
James Errickson, Deputy Town Administrator – Operations  
Steve Evers, Natick Historic Commission

**FROM:** Bryan R. Le Blanc, Procurement Officer

**DATE:** January 25, 2021

**SUBJECT: CONTRACT AWARD**  
**Restoration of the Natick Town Clock**

On January 21, 2021, responses/quotes were received in response to the Town of Natick's Request for Responses/Quotes for Restoration of the Natick Town Clock. Responses/Quotes were received from three (3) responders/quoting parties. (See attached.)

The lowest Response/Quote, in the amount of \$18,000.00, was received from Yankee Steeplejack Company, Inc., 240 Littleton County Rd, Harvard, MA 01451. After reviewing references and background, it has been determined that Yankee Steeplejack Co., Inc. is a responsible and responsive Responding/Quoting Party.

We recommend that the Natick Select Board award the contract to Yankee Steeplejack Co., Inc. for the amount of its Response/Quote. It understands the scope of work and pledges to stand by its number. It has been able to offer a competitive price, as it is already mobilized in downtown Natick to complete other local repairs/work.

Please advise if you have any questions or require additional information.

From: Bryan R. Le Blanc, Procurement Officer

Re: Public Notification and Quote Process – Town Clock Restoration

Date: January 21, 2021

In December 2020, I received a procurement request for restoration of the Natick Town Clock. This was a second revised request, as our original procurement, which included contractor-provided scaffolding, exceeded the available budget. In this procurement, the contractor shall rent existing scaffolding from a contractor performing work on the Congregational Church steeple. This was done at the direction of the Historic Commission. Our second (and first) procurements included more expensive finishing techniques. We have revised those in the current round to keep to current budgeting.

The requisite statutory reference governing this maintenance service for a public work is M.G.L. c. 149, §44A, which provides, in relevant part, as follows:

*(B) Every contract for the construction, reconstruction, installation, demolition, maintenance or repair of any building estimated to cost not less than \$10,000 but not more than \$50,000 shall be awarded to the responsible person offering to perform the contract at the lowest price. The public agency shall make public notification of the contract and shall seek written responses from no fewer than 3 persons who customarily perform such work. The solicitation shall include a scope-of-work statement that defines the work to be performed and provides potential responders with sufficient information regarding the objectives and requirements of the public agency and the time period within which the work shall be completed. The public agency shall record the names and addresses of all persons from whom written responses were sought, the names of the persons submitting written responses and the date and amount of each written response. A public agency may utilize a vendor list established through a statewide contract procured through the operational services division to identify 1 or more of the persons from whom it will seek written responses for purposes of this paragraph. A public agency may also procure a blanket contract to establish a listing of vendors in certain defined categories of work that are under contract to provide services for multiple individual tasks of not more than \$50,000 each, and from whom written responses will be sought. Any such blanket contract procured by the awarding authority shall be procured pursuant to either section 39M of chapter 30 or sections 44A to 44J, inclusive, of chapter 149 which are applicable to projects over \$50,000. For purposes of this paragraph, the term "public notification" shall include, but not be limited to, posting at least 2 weeks before the time specified in the notification for the receipt of responses, the contract and scope-of-work statement: (1) on the website of the public agency, (2) on the COMMBUYS system administered by the operational services division, (3) in the central register published pursuant to section 20A of chapter 9 and (4) in a conspicuous place in or near the primary office of the public agency; provided, however, that if the public agency obtains a minimum of 2 written responses from a vendor list established through a blanket contract or a statewide contract procured through the operational services division, and the lowest of those written responses is deemed acceptable to the public agency, public notification is not required.*

This is now known as the “quote plus public notification” process, requiring both quotes and public advertising and award to the responsible bidder offering the lowest price (of all from whom quotes sought and from those who responded to the public notification process.)

## **WRITTEN PURCHASE DESCRIPTION:**

Mr. Steve Evers, of Natick's Historic Commission, provided me with a written purchase description, which was incorporated into the Request for Responses/Request for Quotes:

### **A DESCRIPTION OF DESIRED GOODS AND SERVICES**

The Town solicits written Responses from qualified firms or individuals for repair and/ or restoration of the Natick Town Clock, which is located close to the Natick Town Common. The exact location is at 2 East Central Street, in the spire of the Natick Center First Congregational Church. There are four (4) clock faces, facing each compass direction. Originally mechanized, they are now electrically operated. It is anticipated that related steeple work will be done by others in the Fall of 2020 for the installation of cellular phone equipment as well as slate, masonry and other structural repairs by the Church separately. The clock repairs/restorations project schedule should therefore be coordinated with the First Congregational Church so as to not interfere with that work.

*The Successful Responder/Quoting Party shall:*

- *Provide debris netting as required to capture all of the paint chips that will be generated during the preparation phase of the painting work, and legally dispose of them;*
- *Inspect clock hand(s) on east facing clock and determine repair(s) as may be necessary. Depending upon cost, the Town may need to price repairs and may seek pricing from the Successful Responder/Quoting party.*
- *Scrape all loose and peeling paint from the surfaces of the clock face and surrounding bezels and hands using hand scrapers, numerals and minute marks appear intact and should remain as is;*
- *Inspect all wood surfaces for rot or deterioration, repair in kind or with epoxy compounds;*
- *Cover the numerals and minute marks with painters' masking tape;*
- *Caulk all cracks and holes in wood as required to make smooth;*
- *Prime and paint black clockface and trim, as specified*
- *Remove the masking tape from the numerals and minute marks.*
- *Prime and paint gold clockface hands, numerals and tick marks, as specified; and*
- *Reset all faces to correct times.*

*Due to the nature of the Downtown District, cranes and lifts are prohibited on site.*

*The Contractor shall rent scaffolding on site from an existing contractor on site at the rate of \$200 per day.*

*Below is a specification to be used for exterior painting:*

In the event that any employee refuses to permit the Contractor to provide such information to the Town, the Contractor shall not assign such employee to perform services for the Town, and such employee shall not be authorized to perform services for the Town. The Town shall be permitted to keep such information in its files.

- d. The Town may terminate this Contract upon written notice to the Contractor if a source of money to fund the Contract is lost during the Contract term. In the alternative, the parties may agree in writing to amend the Contract to provide for a Contract price which represents a reduced appropriation for the Contract term.
- e. The Town may also terminate this Contract for convenience upon thirty (30) days' written notice to the Contractor.

In the event of termination, the Contractor shall be entitled to be paid for services rendered in accordance with this Contract prior to termination.

In the event that this Contract is terminated pursuant to Section 19a. or 19b. above, the Town may make any reasonable purchase or contract to purchase services in substitution for services due from the Contractor and may deduct the cost of any substitute contract, or damages sustained by the Town due to non performance or non conformance of services, together with incidental and consequential damages, from the Contract price, and shall withhold such damages from sums due or sums which become due.

## **II. BACKGROUND**

### **A DESCRIPTION OF DESIRED GOODS AND SERVICES**

The Town solicits written Responses from qualified firms or individuals for repair and/ or restoration of the Natick Town Clock, which is located close to the Natick Town Common. The exact location is at 2 East Central Street, in the spire of the Natick Center First Congregational Church. There are four (4) clock faces, facing each compass direction. Originally mechanized, they are now electrically operated. It is anticipated that related steeple work will be done by others in the Fall of 2020 for the installation of cellular phone equipment as well as slate, masonry and other structural repairs by the Church separately. The clock repairs/restorations project schedule should therefore be coordinated with the First Congregational Church so as to not interfere with that work.

The Successful Responder/Quoting Party shall:

- Provide debris netting as required to capture all of the paint chips that will be generated during the preparation phase of the painting work, and legally dispose of them;
- Inspect clock hand(s) on east facing clock and determine repair(s) as may be necessary. Depending upon cost, the Town may need to price repairs and may seek pricing from the Successful Responder/Quoting party.
- Scrape all loose and peeling paint from the surfaces of the clock face and surrounding bezels and hands using hand scrapers, numerals and minute marks appear intact and should remain as is;
- Inspect all wood surfaces for rot or deterioration, repair in kind or with epoxy compounds;
- Cover the numerals and minute marks with painters' masking tape;
- Caulk all cracks and holes in wood as required to make smooth;
- Prime and paint black clockface and trim, as specified
- Remove the masking tape from the numerals and minute marks.
- Prime and paint gold clockface hands, numerals and tick marks, as specified; and
- Reset all faces to correct times.

Due to the nature of the Downtown District, cranes and lifts are prohibited on site.

The Contractor shall rent scaffolding on site from an existing contractor on site at the rate of \$200 per day.

Below is a specification to be used for exterior painting:

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
  - An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
  - The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
  - All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
  - The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
  - Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
  - Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
  - Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
  - Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
