SUBJECT: CONTRACT AWARD
Textile/Soft Recyclables

Informal, non-written pricing reveals that Simple Recycling/Massachusetts is the ideally competitive firm to perform textile/soft recycling for the Town of Natick. It has been doing this service, without cost, under contract, for the past several years.

State statute (M.G.L. c. 30B, sec. 1(b)(30) exempts the procurement of these types of services (i.e., for collection of recycled materials). Essentially, therefore, there is no statutorily-prescribed procurement process that would govern.

Simple Recycling/Massachusetts is a responsible and responsive firm and has offered a no cost collection. The administration supports using this contractor under a new contract.

We respectfully request that Natick Select Board award Simple Recycling/Massachusetts, a contract, in the form of the attached, to perform the services outlined in therein. Again, there is no cost for such services.
