

June 14, 2021

Dear Neighbor,

As part of our effort to deliver reliable energy to our customers and communities, Eversource will soon be conducting maintenance work in its right of way (power line corridor) in Sherborn, Natick, Dover, and Needham. This maintenance work includes replacing wooden transmission structures with steel structures. Maintaining the infrastructure that supports electric lines is one of the many ways Eversource ensures the safe, secure transmission of electricity throughout the region. As we perform this necessary work, we are continuing to follow COVID-19 health and safety guidelines.

We Are Always Working to Serve You Better

Starting soon, Eversource and its contractors will begin work replacing transmission structures on or near your property. This Project includes replacing select wood transmission structures with new, more durable steel structures.

What You Can Expect

Since your property is on or near the project route, here is important information about how we will work in your neighborhood:

- **Reliable Service:** Be assured that this work will not interrupt electric service to your property.
- **Proper Identification:** All people working on this project carry identification.
- **Where We Will Be Working:** Construction activity will take place within the existing right of way (powerline corridor) near the following cross streets:
 - **Sherborn:** Prospect Street, Coolidge Street, Rockwood Street, North Main Street, Everett Street
 - **Natick:** Rockland Street, Cottage Street, Webster Lane, Pleasant Street
 - **Dover:** Dover Road, Meadowbrook Road, Brook Road, Beldon Road, Claybrook Road, Main Street, Wakeland Road, Edgewater Drive, Trout Brook Road, Chickering Drive, Juniper Lane
 - **Needham:** Fisher Street, Charles River Street, High Rock Street
- **Communication:** Keeping the lines of communication open is important to us. Please contact your Project Outreach Coordinator, Logan Trupiano, at 781-552-2979 to discuss any issues and to provide your contact information so he can keep you updated on progress
- **Construction Hours:** The hours for construction are 7:00 a.m. to 5:00 p.m. Monday through Saturday.
- **Construction Activities:** Project construction will occur in phases, including the following:
 - Crews conducting survey digging in certain areas prior to construction activities.
 - Construction vehicles on the right of way, including heavy equipment, though we will make every effort to minimize any impact to your property.
 - Site grading, mowing/vegetation removal, adding gravel to the access road, and setting timber mats in wetland areas.
 - The wood structures will be replaced with steel structures of similar height.
 - When the project is completed, crews will restore areas that were disturbed by the work.
- **Project Completion:** We expect all work, including restoration, to be complete by the Spring of 2022.

For More Information

Keeping the lines of communication open is important to us. We would like to connect with you to discuss the proposed project, as well as obtain the best contact phone number and e-mail address to reach you moving forward. Please contact Logan Trupiano at 781-552-2979 to provide that information or to discuss the project. You can also contact our projects hotline at 1-800-793-2202 or send an email to ProjectInfo@eversource.com.

Eversource is committed to being a good neighbor and doing work with respect for you and your property.

Sincerely,

Brian McDevitt
