Temporary Outdoor Dining Renewal Application

An application for Temporary Outdoor Dining Renewal is intended for restaurants that have received previous approval from the Outdoor Dining Review Team (ODRT) in 2020/2021, and has operated a successful outdoor dining area that was located on private property. Please provide the following information for the renewal of an Outdoor Dining Area. If the Outdoor Dining Area has changed locations from what was previously approved or an Applicant's Outdoor Dining approval was revoked, then a new application for Outdoor Dining is required. Please contact aloomis@natickma.org if there are any questions.

No changes to the number of seats, operations, location, and layout of the Outdoor Dining Area have been made to the 2021 or 2020 approved Outdoor Dining Application. If so, please attached such amendments to this application.

Will alcohol be served (current alcohol licenses holders only)? If yes, please contact Donna Donovan (ddonovan@natickma.org)

Temporary Outdoor Dining Renewal Application

Outdoor Dining Area Inspection

Restaurants with previously approved Outdoor Dining Area may commence operations and use an Outdoor Dining Area once a Temporary Outdoor Dining Renewal Application has been submitted. Once in operation, please contact Lt. Brian Lauzon (blauzon@natickma.org) to schedule an inspection of the Outdoor Dining Area within a week of operation. (Note: serving of alcohol cannot take place until approved by licensing, please contact Donna Donovan.

Outdoor Dining Design Review

An application for Outdoor Dining must demonstrate compliance with the following requirements:

1. Compliance with 521 CMR 17.00 - Restaurants.
2. Pedestrian walkways must maintain a minimum of four-foot clear, unobstructed pathways.
3. All outdoor dining areas must have demarcated boundaries by rope, fence, or other continuous visible elements that prevent entry other than by an established entrance.
4. Locations of Outdoor Dining Areas
 - a. Dining areas must be contiguous to the restaurant premises with a clear view of the area from inside the premises. Alternatively, the applicant must commit to providing management personnel dedicated to the area.
 - b. Outdoor dining areas in a parking lot must demonstrate measures to protect patrons and staff from vehicles. Such measures may consist of large planters, crates, or boxes filled with heavy materials and spaced no more than four feet apart.
5. Where dining areas are located in parking lots, the applicant must post signs at all entrances to the parking lot, notifying drivers that the speed limit in the parking lot is five miles per hour.

Alcohol Service

In order to serve alcohol in temporary outdoor dining areas, the Local Licensing Authority (Natick Select Board) must grant an extension of the premises license according to the rules and requirements provided by the Alcoholic Beverages Control Commission in their advisory regarding local licensing authorities' approval of outdoor seating. An applicant must submit a request for alcohol service with their Temporary Outdoor Dining permit application. The Select Board will consider that alcohol license application at the meeting following approval of a Temporary Outdoor Dining permit by the ODRT.

Enforcement

1. The ODRT will inspect the Outdoor Dining Area for consistency with the Outdoor Dining Permit. Operation of the Outdoor Dining Area may begin following inspection and approval by the ODRT.
2. Members of the ODRT (Building Commissioner, Chief of Police, Chief of Fire, Director of Health, or any of their designees) have enforcement authority over Outdoor Seating Permits. They may shut down an Outdoor Dining area found to not comply with the issued Outdoor Dining permit.

Alternations or Amendments

1. If an applicant amends the approved Outdoor Dining Area, all amendments shall be provided to the ODRT for review and approval.
2. The Town may require changes to an approved Outdoor Dining permit if, in the opinion of a member of the ODRT, there is a safety issue associated with the current configuration or operation of the Outdoor Dining Area. The applicant must submit an amended application addressing the issue.
