Job Title

---

**Applicants are encouraged to attend or read the minutes of several meetings of the body to which they are applying, if possible.**

**Which Boards would you like to apply for?**

---

Sustainability Committee: Appointed

---

**Are you a registered voter in the Town of Natick?**☒ Yes ☐ No

---

**Have you ever attended a Natick town meeting?**☒ Yes ☐ No

---

**Have you ever served on a board, committee, or commission in the Town of Natick?**☒ Yes ☐ No

---

**If yes, please list name(s) of board, committee or commissions, along with date(s) of service:**

---

I have been a member of the of the Sustainability Committee, in 2018-2019 as an Associate Member and joining as a full member in 2019 through 2022.

---

**Interests & Experiences**

**Why are you interested in serving on a board or commission? Are there any changes you would like to see to these boards, committees and/or commissions?**

---

From original application: I recently participated in the Natick Citizen Leadership Academy and was introduced very fully to how Natick's government works, and would like to be more involved in the community. Specifically, I was attracted to the Sustainability Committee because it is set up to address issues I care about and advocate for policy changes to improve the town in ways I think will benefit the town over the longterm.

**Are you a graduate of the Natick Community Services Citizen's Leadership Academy?**

---

☒ Yes ☐ No

**Please list any skills or specialized knowledge you can bring to these boards, committees and/or commissions.**

---

From my time on the Committee, I've become familiar with the relevant processes, stakeholders, and issues, and believe I can be effective in investigating options and recommending practical and forward-looking solutions on sustainability issues. From original application: I am a skilled writer, editor, researcher and presenter. Most of my work has been in the corporate sphere and in the arts, but there are definitely skills that transfer broadly. I'm quite capable of writing, improving, or contributing to qualitative and quantitative research plans, and designing presentations. I've also done a small amount of grant writing in the arts, which I believe also is a transferable skill. Update: I've since served on the organizing committee for Natick Earth Day and helped to coordinate and run the Clean Your Attic Day, and contributed to several Committee reports and presentations. Through this work I've become more informed on the specific sustainability issues facing Natick and the ongoing work of the committee to address them, and am able to contribute to that work in a more knowledgeable way.

**Please list any professional affiliations.**

---

**Let us know what other specialized interests or hobbies you might have.**

---

From original application: While I do not have professional certification in relevant environmental disciplines, it is an area of interest. We have home solar through Solarize Natick, we compost and garden, and have made our house as energy efficient as possible through MassSave programs. I read widely, including on environmental and energy issues.
