Dear Members of the Board,

Regrettably, I am writing to resign from my position on the Transportation Advisory Committee. I have recently been appointed to the Finance Committee and, in light of that, I no longer feel that I have the bandwidth to effectively serve on the TAC given my other professional and personal commitments (plus it is a little ambiguous whether that would even be allowed).

I want to express my gratitude to the Board for giving me the opportunity to serve, and I wish my colleagues on the TAC well as they continue their important work.

Thank you,

-Cody
