Re: Auburn Street FFP
Tax Title Property
Process for disposition to the Trust

The Trust voted at a recent meeting to allocate \$500,000 in funds to the successful RFP respondent that is proposing the development of 100% affordable housing at the site.

It is the Trust's recommendation to include this information in the body of the RFP.

Additionally, the Trust proposes making the due diligence reports from development consultant and historic preservation consultant available to all respondents. This could be done as an amendment to the RFP.

Thanks much -

A handwritten signature in black ink, appearing to read "Paul Joseph", with a long horizontal flourish extending to the right.
