Hello,

Pleasure speaking on the phone with you. Please consider this email to be my formal request to film at the Natick Police Department.

We are hoping to be able to film a scene for my NYU senior thesis both inside and outside of the Natick Police Department. We would need the ability to shoot outside, inside at a front desk, and in any office that has a desk.

Shooting would take place either Saturday, October 22nd, or Sunday, October 23rd for approximately 8 hours. We would only need a permit for one day.

Attached is a sample of the NYU insurance that will be provided upon approval of the shoot as well as a copy of the script!

If you have any questions, please let me know. You can reach me at this email or my number 978.284.0262.

Best,
Erin Cummins
