Subject: Select Board blurb from the library?  
To: James Errickson <[jerrickson@natickma.org](mailto:jerrickson@natickma.org)>

The Morse Institute Library will soon be offering free period supplies via the Aunt Flow vending machines. The Aunt Flow vending machines offer sustainably-sourced period supplies for free to the public. These machines will be installed in all public and staff bathrooms at the library, and are made possible for the first year with a grant from the Metrowest Health Foundation.

We are delighted to offer period positive, inclusive hygiene facilities here at the library, and in the words of the company themselves: "It's time to elevate the washroom experience for those who menstruate-- period."

Thanks,  
Miki
