Re: Eversource Electric – Grant of Location Arrow Path

Mister Chairman & Members of the Board:

Eversource has requested a Grant of Location to install approximately 340 +/- linear feet of conduit in Arrow Path. This work is necessary to provide electric service to 3 new house lots.

As stated in Article 78 in the Natick Town Bylaws, no utility shall be permitted to install, construct, upgrade or replace any poles, overhead wires or associated overhead structures upon, along or across any public way or ways located within Natick unless the Board of Selectmen grants special permission. Arrow Path is a Town accepted way.

The Engineering Division has reviewed the request and inspected the location for the proposed conduit. The Division does not object to the proposed work if placed in accordance with the plans dated November 29, 2022, accompanying the petition.

Sincerely,
