Hi I am writing to say that I believe we should have affordable housing units in South Natick at the old Eliot School. The housing crisis is real and Natick is no exception. Builders only build massive expensive homes these days and people need a place to live that's more affordable. I'm in favor of affordable housing and start bringing more balance back to the town and the state ! I have nothing against senior housing but I believe this should be for all ages. Young people just starting out and families need an affordable place to live in a nice community! Please! Thanks !
