

Progress on Net Zero Goal

FY23 YEAR IN REVIEW

2023 SPRING TOWN MEETING

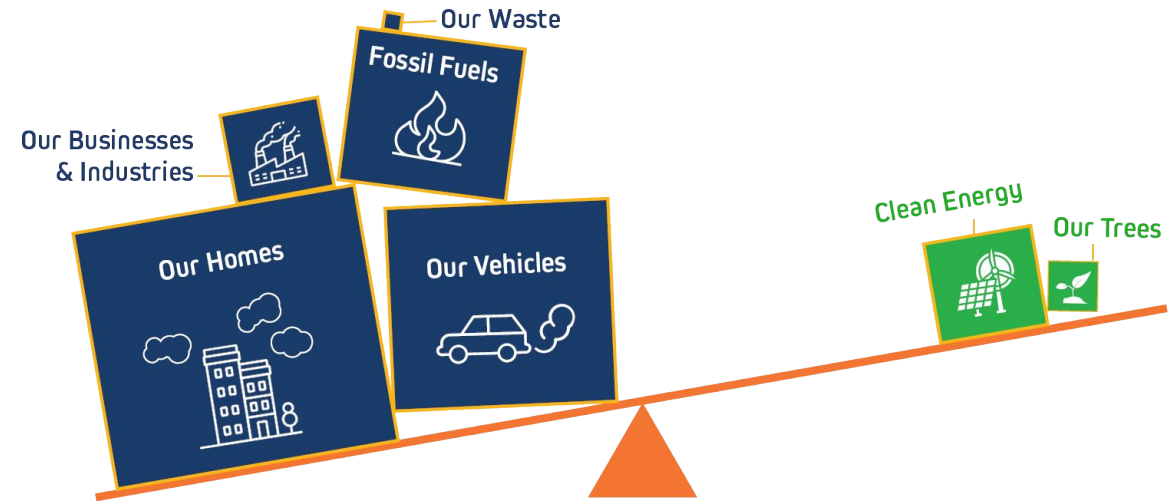

NET ZERO GOAL

2018: Natick Fall Town Meeting adopts net zero goal via non-binding resolution

2020: Massachusetts sets 2050 net zero emissions limit

From this...

...to this!

The Roadmap to Net Zero

NATICK'S 2021-2025
NET ZERO ACTION
PLAN

WHERE OUR ENERGY COMES FROM

Green the grid with renewable energy sources

Produce more renewable energy locally

OUR HOMES & BUSINESSES

Make our homes and buildings super-efficient

Electrify heating and cooking equipment

HOW WE GET AROUND

Electrify cars, trucks, buses, trains, and other ways we get around

Make walking, biking, and public transit the best way to get around

Where Our Energy Comes From

FY23 POINTS OF PRIDE

Sourced 41% of electricity from
renewable projects in New England

Installed Natick's first commercial
battery @ KMS

Our Homes and Buildings

FY23 POINTS OF PRIDE

Launched Mass Save Community First Partnership program w/ Framingham

Began phased electrification of Morse Institute Library

How We Get Around

FY23 POINTS OF PRIDE

Partnered with 23 towns to pursue regional strategy for e-school buses

Received grant to help fund pedestrian lighting on Newfield Dr.

Prioritizing Partners, People & Policy

Working with Our Neighbors

- MetroWest Solar + Clean Heat Challenge
- MAPC Technical Assistance Program
- MVP Action Grants

Listening & Learning for Equity

- Paid community liaisons helping to research needs
- Environmental Justice trainings for staff and volunteers

Supporting Net Zero Statewide

- Climate Leaders program
- 2022 climate legislation
- MA Climate/Energy Plans

MetroWest Climate Equity Project
