Good afternoon

I request time on the next available Select Board agenda to request that they vote for the removal of the following trees associated with our current paving projects:

1. 15 University - 1 tree
2. 6 Beverly - 1 tree
3. 7 Melvin - 1 tree
4. 4 Longfellow - 3 trees

The form of the vote will be the same as the Board's vote last night if the members approve.

I will prepare a brief presentation with the trees identified once a date is set.

Thank you.

Sincerely,
John K. Westerling, MPA
