Interests & Experiences

Why are you interested in serving on a board or commission? Are there any changes you would like to see to these boards, committees and/or commissions?

The Community Preservation Program presents a unique opportunity to preserve open space, historic sites, create affordable housing, and develop outdoor recreational facilities. As a Landscape Architect involved with public works projects, CPA has enabled local communities to develop public facilities utilizing these funds to go beyond what Town funds can provide. This program enables Town's to preserve open space and historic sites of cultural value. In my profession I work with special interest groups to facilitate consensus and cohesive community projects. My expertise in land use and development practices provide a sound basis for participation with this group endeavor.

Are you a graduate of the Natick Community Services Citizen's Leadership Academy?
