Resume

### **Education:**

Cornell University – BS and MBA

### **Major work Experience**

National CPA firm – 2 ½ years

State of New York – 30 years

Worked as an accountant, auditor, manager and Director of Internal Audit for:

**Office of the State Comptroller**

**Department of Mental Hygiene**

**Office of Mental Health**

**Department of Social Services**

**Office of Children and Family Services**

During my 30 years working as a public servant for the State of New York I learned to be the 'Voice' of the taxpayer. The approach when I audited state agencies was to ensure the state taxpayer was getting the best value for appropriated money provided to the agency. Agencies audited included certain programs at the Department of Labor, the Division of State Police and the Department of Mental Hygiene. I was hired by the Department of Mental Hygiene as their first Director of Internal Audit where I directed a staff of auditors who reviewed contracts with Mental Health providers to ensure compliance with agency rules and regulations. At the Department of Social Services (DSS) I worked with a small army of auditors who audited Medicaid providers suspected of committing Medicaid fraud. During my time at DSS I served as director of a staff of 20 who processed hundreds of audits of Nursing Homes in New York. This work resulted in over \$20 million of Medicaid over-payments being recovered by the state. I also served for a time as the appointed Director of Internal Audit for the Department of Social Services.

### **The State University of New York Research Foundation – 6 years**

My work at the SUNY Research Foundation was with the audit department. I worked mostly to support the Audit Director of the Research Foundation, a \$1 Billion organization responsible for accounting for all Federal Research funds awarded to the 64 Colleges and Universities of the State University of New York.

Most of the work at the Research Foundation was to ensure compliance with Federal and State law, rules and regulations.
