Interests & Experiences

Why are you interested in serving on a board or commission? Are there any changes you would like to see to these boards, committees and/or commissions?

I'm interested in serving on the Historic District Commission because I think that a town's history and values is told through the buildings it chooses to preserve. I'm also interested in learning more about the process of historic preservation from the town governance side and working for my community.

Are you a graduate of the Natick Community Services Citizen's Leadership Academy?

☐ Yes ☒ No

Please list any skills or specialized knowledge you can bring to these boards, committees and/or commissions.

I have a Masters in Architecture from Northeastern University with multiple years of job experience meaning I have an understanding of the parts and processes that goes into building and renovating projects. I also have a minor in art history from Boston University specifically focusing on the history of architecture.

Please list any professional affiliations.

Let us know what other specialized interests or hobbies you might have.

I've recently undertaken a project focused on highlighting and studying the Modern architecture of the area titled Metro West Modern so I also bring a specific understanding of this community's relationship with the built environment.
