Trump gave a speech to celebrate the recent elections. Trump described the electoral process as the battle for a new American soul and national spirit. He went on to state that the recent election was merely a milestone on the road towards their final goal, which was the radical reformation of America by legal means.

Substituted Trump for Hitler. Journal excerpt of a Speech given by Hitler in 1930 to 30,000 people.

The above is background in support of a welcoming policy for immigrants in Natick. We do not want to provide credence to the impending anti immigrant credo advocated by Hitler in the 30's and Trump in 2024/2025.

This welcoming policy is critical to insure that our town employees are not required to enforce federal immigration law that will be a violation of basic human rights. The policy also assures that the immigrant communities can utilize town resources, including reporting crimes to law enforcement, without fear of deportation.

Any upcoming program of mass deportation will probably rely on local law enforcement for support, so we must

have a policy in place NOW that reflects Natick's diverse and inclusive beliefs.

I categorically urge the Board to vote in favor of the draft policy.
